Nothing...he was perfect.

Too hard to understand accent

nothing

I'll probably not win the diamonds!

I had trouble understanding the speaker

Sometimes difficult to understand and too cold

Tired and wanted to go home. No reflection on the speaker.

The audio system in the room was v bad throughout the conference - such a shame that we could not hear the best of the speakers

Not sure of relevance. But a great opportunity!

Seemed a bit rehearsed.

Not enough link to HR - kind of disappointing end.

AV disruptions

nothing

Not a great tie in to HR - very general application

Difficult to understand him at times - accent, talked too fast.

Could have been personalized to audience more
